PREFACE

The purpose of this manual is to provide you step by step instructions on how to fill the application form through XGN by Industries/ Hospitals or any other unit for Consent to Establish (CTE) and Consent to Operate (CTO). The screen shots included in the manual are provided with captions such as "**Click Here**", "**Save the Details**" etc with text marked in red to enable user to easily understand how to input required information at each location/ space provided in the screen.

If user is applying for the first time then the applicant has to fill registration form and obtain **XGN ID** and **Password**. Please enter details in registration form carefully as this will be saved for use in all future applications. If the user is already registered then enter XGN ID and Password (generated earlier) to proceed further.

After registration is done (or already registered) then login into XGN and fill the application form and enter all the details under applicable Acts/ Rules. After submitting application, applicant can edit the details as long as the application is pending or not accepted by Regional Officer (RO). Once application is accepted by RO applicant **CAN NOT EDIT** it. After acceptance of application by RO, applicant can proceed for **FEES PAYMENT**. Please wait for 3-4 days for receipt after payment of fees.

Applicant has to apply for at least one particular type of activity from the following list:

Blood Bank - a place where supplies of blood or plasma for transfusion are stored.

Clinics- an establishment or hospital department where outpatients are given medical treatment or advice, especially of a specialist nature.

Health care facility - means a place where diagnosis, treatment or immunization of human beings or animals is provided irrespective of type and size of health treatment system, and research activity pertaining thereto.

Hospital - a health care institution providing patient treatment with specialized medical and nursing staff and medical equipment. It could either be Government or Private (which is owned and governed by a person or many people) establishment. It could be a bedded hospital where patients undergo treatment for long duration i.e. more than a day for complete recovery.

Industry – To carry out economic activity concerned with the processing of raw materials and manufacture of goods in factories.

Mines– To excavate the earth for the purpose of extracting ore or minerals.

Common Bio-medical Waste Treatment and Disposal Facility (CBWTF) - a set up where biomedical waste generated from member health care facilities is imparted necessary treatment to reduce adverse effects that this waste may pose on human health and environment. The treated

recyclable waste may finally be sent for disposal in a secured landfill or for recycling.

Based on the type of pollution caused by establishment or activity, Applicant also has to apply under respective acts and rules like Air Act / Water Act/ Hazardous / Bio Medical Waste/ E-waste / plastic waste etc.

Under "**Water (Prevention and Control of Pollution) Act, 1974**" every water polluting industry has to obtain consent of the board for bringing in to use on outlet for discharge of effluent into a stream, sea or land.

According to provisions of "**The Air (Prevention and control of Pollution) Act 1981**", every industry emitting gases has to obtain the consent of the board.

In accordance with provision of "**Hazardous Wastes (Management, Handling & Transboundary Movement) Rules, 2008** ", every unit generating/ handling/ managing hazardous wastes and operating any facility for collection, reception, treatment, transportation, storage and disposal of hazardous wastes shall have to obtain authorization of the board.

In accordance with "**Bio-Medical Waste (Management and Handling) Rules, 1998**" any institution which generate, collect, receive, store, transport, treat, dispose, or handle bio medical waste in any form including hospitals, nursing homes, clinics, dispensaries, veterinary institutions, animal houses, pathological laboratories, blood banks by whatever name it called shall apply in Form 1 and has to take consent of the board.

As per provisions of "**Plastic Waste Management Rules, 2016**" every waste (plastic waste) generator, local body, Gram Panchayat, manufacturer, Importers and producer has to take consent of the board.

Before establishment of such industrial project, the applicant is required to obtain Consent to Establish (CTE). The Consent to Operate-Consolidated Consents and Authorization (CTO-CCA) is required to obtain at time of starting of operation/ production at the industrial plant.
